## **We All Are from One Father and Mother**

We all (Muslims and Non-Muslims) are like brothers and sisters among us because all human beings are from one father and mother (Adam and his wife Hawa "peace be upon them"). However, the presence of many false and canceled religions at a time in the world, divided us and made enemies of each other.

So...

- We can't establish peace in the world forever
- We can't stop terrorism forever
- We can't stop wars and future atomic wars forever
- We can't finish the poverty from the world forever
- We can't finish the illiteracy from the world forever, and
- We can't solve the other big and important problems of all human beings

Until we establish the only one true religion for all human beings and finish all other canceled, incomplete and wrong religions from the world forever because the presence of many religions at a time in the world is the reason for wars, poverty, illiteracy and destruction of human beings.

These canceled and false religions are not our God that we worship them, and not our father and mother that we respect them. But these are enemies of all human beings in this life and hereafter too.

So, we all human beings should research about 100% one true religion otherwise this world will remain like Hell because all wars are religious directly or indirectly.

I am not an enemy of true religion, governments, armies, saints, etc. I only want to research about the true religion and establish it in the whole world, otherwise all striving for peace and for ending illiteracy and poverty from the world will be temporary.

This is the time of modern life, modern people, modern research and scientific experiments, and common sense. We can't make all human beings stupid and can't leave them in the darkness.

So, discuss it with humanity in the light of high morality, but not with bad language because there is a life hereafter too.

### Majority of Human Beings are Stubborn

I did not know before that the majority of human beings are so stubborn that they will not accept the reality too?

Look at what's happening in the world in the name of religion and killing each other.

My Thoughts/Beliefs/Books/ are True -> Atheist

My Gods/Beliefs/Books are True -> Christian

My Gods/Beliefs/Books are True -> Hindu

My God/Beliefs/Books are True -> Muslim

My God/Beliefs/Books are True -> Jew

My God/Beliefs/Books are True -> Buddhist

My God/Beliefs/Books are True -> Parsi

My God/Beliefs/Books are True -> Qadiani

Is it possible that all religions and beliefs are true?

If Yes: Why do most of them fight or hate another true religion, specially Islam?

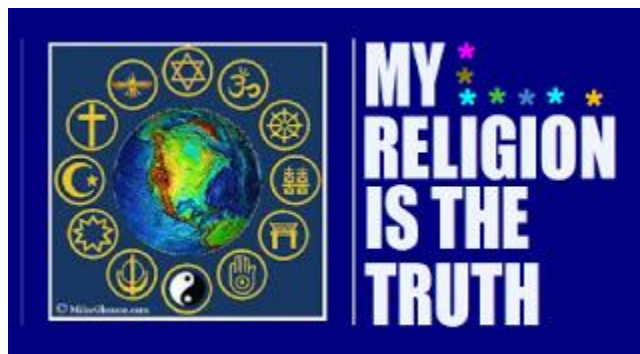

If Not: We must justify the true religion by a neutral judge among these yelling followers.

Can you prove your God, beliefs, religion, lifestyles and thoughts by nature like Earth or Fire?

Don't try to prove by any religious book or sayings of any religious leaders because they could not define the true God, true beliefs, true religion, true lifestyles and true thoughts while the presence of many religions at a time in the world destroyed human beings.

Please use your common sense and leave the religious persecution.

### **All Religions Cannot be True at a Time**

There are many religions like Hinduism, Judaism, Christianity, Islam, Buddhism, Sikhism, Parsiism, Qadianism, Shiaism or others in the world at this time.

All religions cannot be true at a time because it is impossible.

The proof of it is that there are many contradictions in their beliefs and living style. Then how can we follow the true one among them?

All religions cannot be false too because I have researched through behavior of nature that millions of dead bodies including but not limited to last prophet Muhammad (peace be upon him) of religion Islam and his companions, Muslim Martyrs and Muslims Saints, are in fresh and healthy condition with fresh blood in their graves preserved by

the Earth without used any chemicals since the time of holy Prophet Muhammad (peace be upon him).

However, the Earth did not preserve any dead body of any Non-Muslim in fresh condition with blood without use of any chemical since the time of holy Prophet Muhammad (peace be upon him).

So, it is 100% practical and observable evidence that the religion Islam is the only true religion near the nature "Earth" which only obeys the God of the universe.

I have chosen the Islam as a true religion from various religions in the world at this time because nature is like a neutral judge. It is not Hindu, Muslim, Jew, Christian, Buddhist, Sikh, Parsi, Qadiani, Shia or other so it does not lie.

There is also a second natural and neutral judge "Fire" that attested the truth of religion Islam because I have records from history.

- Prophet Abraham (Muslim)
- Saint Khowlani (Muslim)
- Khwaja Moinuddin Chishti (Muslim)
- Khwaja Usman Harooni (Muslim)
- Muhammad Panah Totani (Muslim)

They were immune to burn in fire without using any chemical against disbelievers, but I could not find any event of any Non-Muslim who could not burn in fire without using any chemical against Muslims.

I didn't choose the Islam as a true religion through any religious book of any religion or through the sayings of any religious leader of any religion because there are thousands of contradictions in all religious books of all religions and in all sayings of all religious leaders as we all human beings know that.

It is an undeniable fact that religious books and religious leaders of all religions could not define one true religion to choose from various religions yet, and the presence of many religions at a time in the world is continuously destroying human beings. This is why there are wars among countries and wars are the reason for illiteracy and poverty in the world.

If all human beings want to save themselves from wars, illiteracy and poverty in this world and from the hell hereafter so it is necessary for them that they accept religion

Islam and reject all other false and canceled religions so this world will become like a Paradise and they will also be able to enter in paradise hereafter.

### **Principles of Proving the Truth:**

1. If you are doubtful about your religion, you should test your religion through nature like Earth or Fire. If you don't find any fresh dead body of any follower in your religion, then you should reject your religion and you should not accept any religious book or saying of any religious leader otherwise you will be from losers hereafter because fresh dead bodies of true Muslims under the Earth is a sign of happiness of God who created this universe and it is also a proof that they are in heaven because they are healthy since centuries without eating food and drinking water.
2. If you have a record of any fresh dead body of any Non-Muslim, you should show it on TV channels, newspapers, videos, photos and also provide its location and address. You should also record interviews of eyewitnesses with their address and contact number because I have done it all about the fresh dead bodies of true Muslims.
3. If you want to prove the truth of your religion (except Islam) you must prove it only by the behavior of nature as we Muslims have proved Islam by only the behavior of nature.

### **How can we solve the important problems of all human beings?**

We can't establish peace in world forever, we can't stop terrorism forever, we can't stop wars and future atomic wars forever, we can't finish poverty from the world forever, we can't finish illiteracy from the world forever, and we can't solve other big and important problems of all human beings until we establish the only one true religion for all human beings and finish all canceled, incomplete and wrong religions from the world forever because the presence of many religions at a time in world is the reason of wars, poverty, illiteracy and destruction of human beings.

To test all religions, we all human beings should invite top religious leaders of all religions and demand them to enter a big fire in front of world media without using any chemicals on their bodies.

The religion whose followers are saved in fire, it will be 100% proof that this religion is true near the God who created this universe, but those religions whose followers will not be saved in fire, it will be 100% proof that those religions are canceled, incomplete and false.

This is the easiest way to test all religions and choose the true religion and finish all canceled, incomplete and false religions. And, solve the problems among all human beings and make this world like a Paradise.

I ensure that only true Muslims of religion Islam will be saved in fire by the mercy of Almighty Allah because He is happy from them and He will save them.

I also ensure that all followers of all other religions will not enter in fire without using any chemicals on their bodies, but if they even dare to enter in it, they will burn in it because the Almighty Allah is not happy with them and He will not save them.

If you agree with the above solution then I request you to help us and provide a ground with wood setup in Karachi, Pakistan so we can start this fire demonstration program to test all religions.

## **Enter in Fire to Prove Truth of Religion**

There are many Gods, beliefs, religions, lifestyles and thoughts in the world. So, which one is surely true?

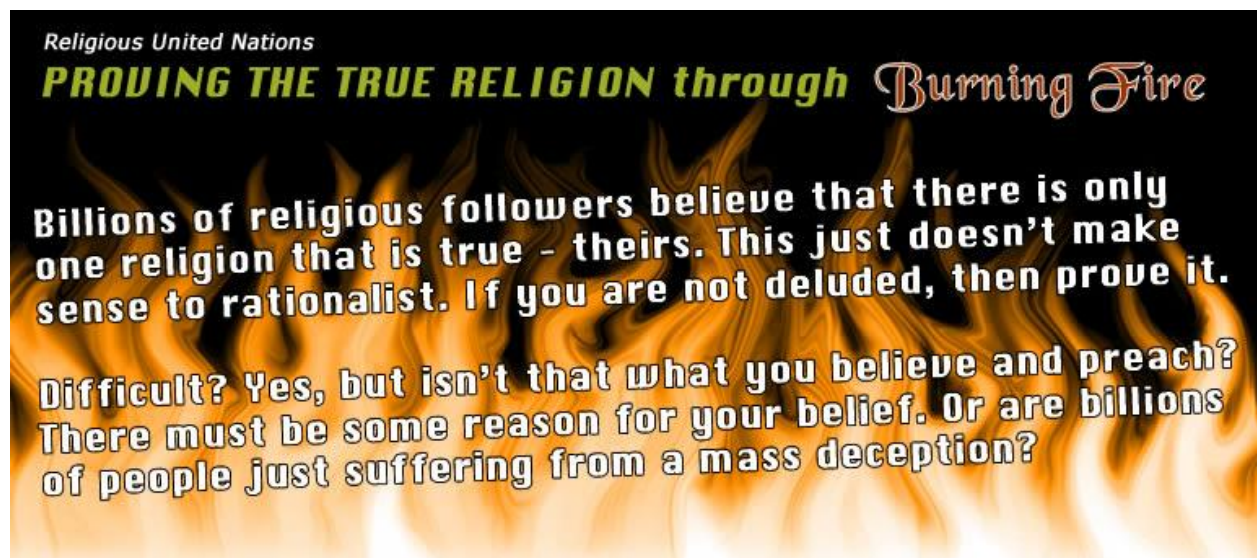

Can you use your wisdom and leave religious injustice?

1. I will enter in fire without using any chemicals on my body in front of the world media to prove the truth of Islam by the mercy of God of Islam, but only on an

agreed term that all Non-Muslims will enter in Islam if I remain immune to fire.

2. OR, does any Non-Muslim enter in fire without using any chemical on his/her body? If we remain immune to fire, then we Muslims will leave the Islam.
3. OR, at least one Non-Muslim from every religion came together with me to go into fire without using any chemicals on our bodies in front of the world media. Whoever will remain immune to burn in fire that religion will be declared one true religion.

Isn't it a justice for all religions?

I challenge that Non-Muslims will not accept my fire challenge too.

Are you ready for the fire challenge so that all human beings can know the true religion by the behavior of nature from many religions at this time, which is the reason for wars, illiteracy and poverty in the world?

If you are not, then I am correct that religion Islam is the only true religion near the God who created this universe and all other religions had been canceled after the last prophet Muhammad (peace be upon him).

## Fresh Dead Bodies of Muslim Martyrs on the Earth

I also researched a third irrefutable, observable, practical and most powerful proof on being the religion Islam true and all other religions incomplete, canceled and wrong near the God who created this universe.

The method is to keep dead bodies of Muslim martyrs and saints on the Earth and not bury them under the grave.

By this way, we can demonstrate dead bodies which are preserved in fresh and healthy condition with fresh blood without use of any chemicals for their protection.

Non-Muslims, who don't believe it can see them, test and verify for their satisfaction and believe that this preservation is done by the God of Islam only for true Muslims.

According to the light of the Holy Quran the dead body of any Non-Muslim can never remain in fresh and healthy condition with fresh blood without use of any chemicals anywhere on the planet.

In addition to this, I claim that none of any Non-Muslim in the world can challenge that his/her dead body will remain in fresh and healthy condition with fresh blood without using any chemicals.

If millions Muslim martyrs and true Muslims can remain preserved in fresh and healthy condition with fresh blood under the grave, it is certainly possible that their dead bodies will also remain preserved in fresh and healthy condition with fresh blood on the Earth without use of any chemicals.

Therefore, I request to all Mujahideens of Islam (who can be martyrs in future) and saints of Islam that they leave following testament for their heirs-at-law for preaching the religion Islam through their fresh dead bodies on the earth because it will be a miracle from them by the mercy of Almighty Allah and Non-Muslims will begin to enter in Islam by seeing this open reality and miracle.

**The words of testament are:**

"I order my heirs-at-law that after washing, shrouding and praying on my dead body, don't bury it and wait from one week to one month. If my dead body begins to give a bad smile, then bury it and understand that Almighty Allah did not accept my wish to protect my dead body. If it does not give a bad smile and remains in fresh condition for at least one month then understand that the Almighty Allah accepted my wish to protect my dead body so leave it and don't bury it. It will be a miracle and the sign of being the truthfulness of religion Islam and Non-Muslims can see my dead body and enter in Islam."

This testament is lawful according to religion Islam especially when it has a biggest benefit for preaching it and it is also confirmed that the fourth Caliph of Islam respected Ali (peace be upon him) had ordered his heirs-at-law to not bury his dead body.

This does not mean that Muslims should start doing anything against the religion Islam due to fresh dead bodies. Muslims may come to see these fresh dead bodies for making their faith strong and Non-Muslims can come to see it and believe in it as a sign from Almighty Allah for his one and true religion so they can start accepting the Islam.

If Mujahideens and saints follow my advice, then I'm sure none can stop the overcoming of Islam over all religions. It is easily possible if we can leave only one fresh dead body of a true Muslim on the earth in every Non-Muslim country so that it can be seen by Non-Muslims of that country.

## **Location of Muslim Martyrs and Eyewitnesses Interviews**

Fresh dead bodies with fresh blood of companions of last prophet Muhammad (peace be upon him), Muslim martyrs and saints prove that religion Islam is the only one true religion, the Holy Quran is surely the verses of Allah and the Muhammad (pbuh) is surely the last Messenger of Almighty Allah because Muslims follow them.

The Earth is Nature so it doesn't lie. It has no capacity to keep the dead body fresh with fresh blood under it by itself. It obeys only the Allah who created the universe. It is like a neutral judge among all religions. So by saving fresh dead bodies of only true Muslims, it has defined 100% that religion Islam is the only true religion from many religions in the world since the time of last prophet Muhammad (pbuh).

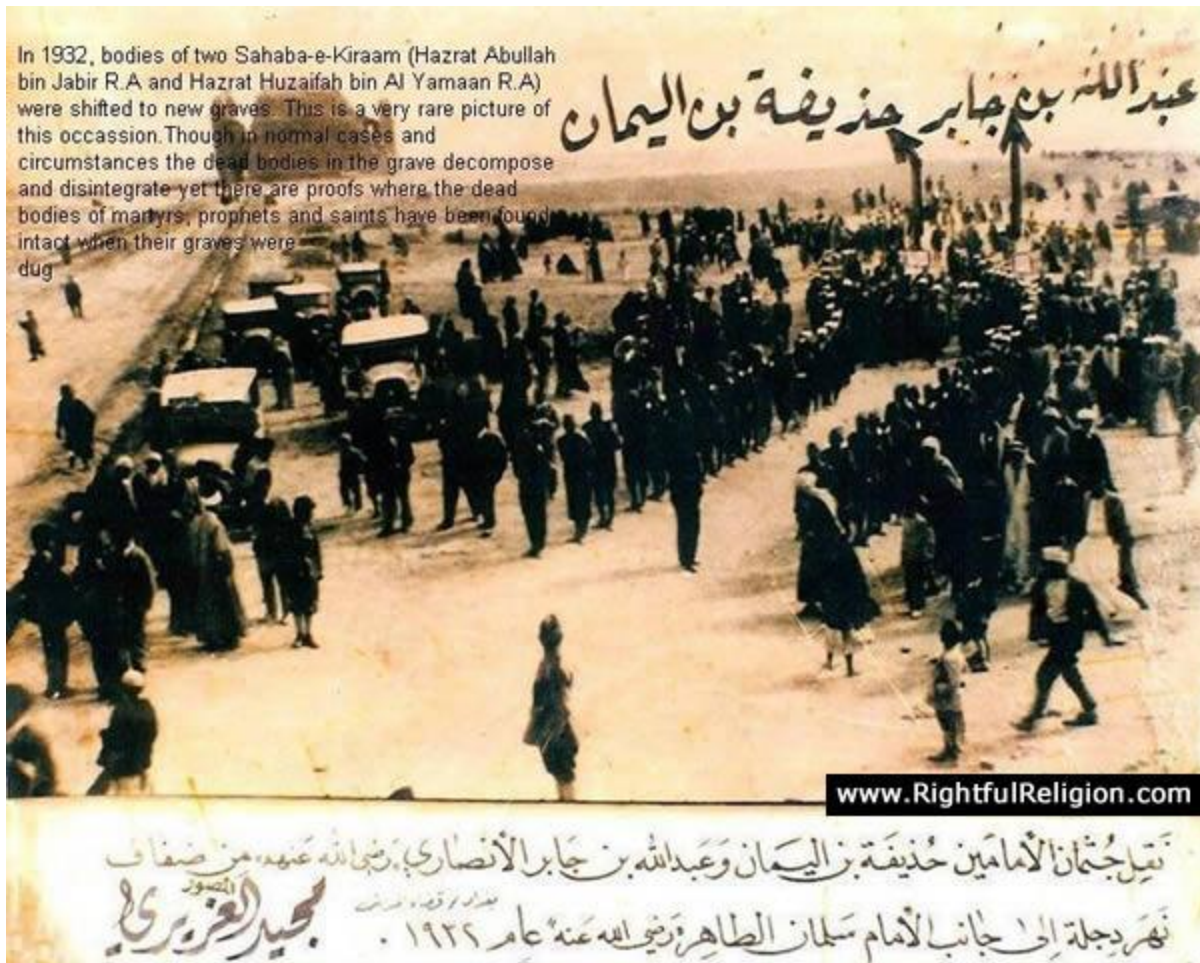

There is no fresh dead body with fresh blood of any follower of any prophets like Jesus (Isa), Moses, Abraham and other prophets or religious leaders like Ram of Hindus, Goutam Budh of Budhists, Gurunank of Sikhs, etc since the time of holy prophet Muhammad (pbuh).

If you (Non-Muslim) have any fresh dead body with fresh blood since the time of holy prophet Muhammad (pbuh), then you should inform the world as we have done otherwise accept our claim and enter in Islam.

### **1) Fresh Dead Bodies of Abdullah bin Jabir and Hudhaifa al-Yamani:**

The graves of two companions of last prophet Muhammad (peace be upon him) were opened in 1932 A.D (1351 A.H.) by the Iraqi Government because the water of river Dijla was reaching to their graves.

Their dead bodies were in fresh condition with fresh blood under the earth for centuries.

Please see the Pakistani newspaper, "Daily Jung" of 7th of June 1970.

## 2) Fresh Dead Bodies of 67 Muslim Martyrs of Uhud:

The fresh dead bodies with fresh blood of 67 Muslim martyrs who were companions of last prophet Muhammad (peace be upon him) are in the cemetery of Uhud in Makkah, Saudi Arabia.

Interpreter of this cemetery said that they were in different places in their graves near the mountain of Uhud but the Government of Saudi Arabia transferred them to this cemetery in one place.

The dead bodies were in fresh and healthy condition.

Some of them were also in pieces and fresh blood was blowing from their pieces and wounds as it blew from the wound of an alive person.

You can go there and research about them or can ask about them from Allama Binori Hajj (Karachi Pakistan) group leader whose name is Rafiqe Shaikh, his contact no is 00923008229787 or talk to his P.A brother Ashraf on his contact no 00923453428407.

### **3) Fresh Dead Body of Mufti Atiqur Rahman, Eyewitness Abdul Sattar Edhi:**

Mufti Atiqur Rahman was a famous Muslim scholar and teacher of Jamia Binoria site area Karachi, Pakistan. His freshly dead body is in the cemetery of Jamia Binoria.

He was martyred by target killing shooters on Thursday dated 23/6/2005 after prayer of Esha when he was returning after teaching the holy Quran at Brins road Karachi, Pakistan. He was buried after prayer of Asar on Friday in the cemetery of Jamia Binoria, site area Karachi dated 24/6/2005.

Edhi also came to the funeral of Mufti. Edhi was a famous social worker of Pakistan and founder of Edhi Welfare Trust, Pakistan and majority of people know him as a neutral person. He had never met Mufti in his life face to face and he had no relation or friendship with Mufti. He told that he came because he was inspired by Mufti for a reason that his dead body was in morgues in his Edhi center and he saw that fresh blood has been flowing for more than 10 hours from his wounds while it is impossible that fresh blood can flow from a dead person after even one hour.

After 13 months and 24 days on Friday dated 18/8/2006, his grave was damaged and opened due to heavy raining and his fresh and healthy dead body was seen by many teachers and students of this Jamia (organization).

It was very strange that when his son [Mufti Jamal Ateeque](#) entered the grave to repair the grave, he found that the blood of his wounds was fresh and the perfume-like fragrance was coming from it. You can contact Jamal Ateeque on his mobile number 00923009264709.

The fresh dead body of a Muslim lady Qamar-un-Nisa is in Muslim cemetery of sector 11-D, north Karachi, Karachi, Pakistan.

She died on 08/08/2003. Her brother Muhammad Ilyas son of Muhammad Zahoor narrated to me when I [interviewed him](#) on 11/06/2010 that "after seven years it was raining hard in Karachi. I visited her grave to see the grave condition. When I reached there I saw that the grave was damaged and opened by heavy raining and her dead body is in fresh and healthy condition".

### How Did We Know About Fresh Dead Bodies?

When we tell Muslims and Non-Muslims about millions of fresh dead bodies with fresh blood of Muslim martyrs and saints being a wonderful and perceptible miracle and 100% proof on truth of Islam, Holy Quran and prophet-hood of Muhammad (peace be upon him), they ask how did we know it all while they were buried in their graves and hidden under the earth?

You may also think about this question.

So, we needed to answer this question and explain about it.

We did not dig any graves to find out about any dead bodies. Many true events happened with fresh dead bodies of Muslim martyrs and saints so we could know about them through evidence and proof.

(1) A Saudi interpreter told us about 67 fresh dead bodies with fresh blood of Muslim martyrs of Uhud.

(2) Urdu newspapers published about fresh dead bodies with fresh blood of two companions of last prophet Muhammad (peace be upon him). Many scholars also talked about this event. A person who met with eyewitnesses of this event told us about this event. Mufti Taqi Usmani, a famous scholar of Pakistan went to Iraq and

investigated this event from the director of public relations and published about this event in his book "Jahan e Deedah" too.

(3) Mufti Jamal Ateeque the son of Mufti Ateequr Rahman told us about the event of his father whose body was in fresh condition with fresh blood. Mufti Naeem, the founder of [Jamia Binoria](#) (where this event happened) also confirmed this event.

(4) Muhammad Ilyas, the brother of Muslim lady Qamar-un-Nisa told us about the event of her sister because he was himself an eyewitness of her body in fresh condition.

(5) We discovered fresh dead bodies of many true Muslims through personal research and meeting with several gravediggers in three cities (Karachi, Lahore, Rawalpindi) of Pakistan.

I went to Islamabad, Pakistan for visa purposes and stayed in a hotel. I heard a story from people about a Hindu whose dead body did not burn in fire (because... he had converted to Islam) when his relatives wanted to burn it according to Hinduism.

My spiritual student came to meet me regarding research on this event. So, my student and I bought a camera together and went to Gujar Khan in Rawalpindi to research and interview people who saw this event because my visa was delayed so I had time.

We couldn't validate the story because we did not find any eyewitness of that story. So, we planned to meet gravediggers of some cemeteries of Gujar Khan by assuming that they might know about any event of the dead body.

This step resulted in discovery of fresh dead bodies of Muslim martyrs because when we met gravediggers, they informed us that they've seen fresh dead bodies of Muslims in different places during the process of digging earth to bury new dead Muslims.

So, they were eyewitnesses of fresh dead bodies themselves and we were informed about these events. They also showed us graves which had fresh dead bodies of true Muslims and we recorded the grave's location.

You can watch videos of fresh dead bodies on our website [RightfulReligion.com](http://RightfulReligion.com)

We also went to another city Lahore in Pakistan after meeting gravediggers of Gujar Khan, Rawalpindi. We found many events of fresh dead bodies and recorded videos.

(6) Our personal fund was about ended so we stopped our research to meet gravediggers in all cities of Pakistan for interview about fresh dead bodies of Muslims but we had discovered that if we get investor to continue this research then we will find

thousands of eyewitnesses including but not limited to gravediggers, scholars and common public and we will be able to finish all false and canceled religion except Islam.

7) We also went to some cemeteries of Non-Muslims and met their gravediggers but they didn't see any fresh dead body with fresh blood of any Non-Muslim in their life.

Our faith is that the sayings of the holy Quran about all disbelievers are true that they are in painful condition. So, how can their dead bodies be in fresh condition with fresh blood?

The proof on it is saying of Almighty Allah in

Holy Quran, Surah 2, Verse 161-162

Indeed, those who disbelieved and died while they were disbelievers, upon them is the curse of Allah, and of angels, and of all human beings together, in a way that they will remain in it forever. Neither the punishment will be lightened for them, nor will they be given respite.

And saying of Almighty Allah in

Holy Quran, Surah 3, Verse 91

Those who disbelieved and die as disbelievers, even an Earth-full of gold shall never be accepted from any of them, even if one were to offer it as ransom. They are the ones for whom there is a painful punishment, and for them there are no helpers.

I didn't go to "America" and didn't see it with my own eyes but there are many TV channels, newspapers and eyewitnesses who reported that there is a country "America" in the world.

Some of my students who live there also told me on the phone that there is a country called "America".

So, after learning from these sources, it is necessary for me that I believe and have faith in the existence of "America" in the world.

Now, if I reject all the news, reports of eyewitnesses and sayings of my students, then all human beings will say that I am a [stupid, nonsense and intransigent](#) and their remarks will be right too because it was my duty that either I research about existence of America or trust on news of TV channels, newspapers and eyewitnesses.

Similarly, I researched that there are millions of fresh dead bodies without any chemical usage of companions of last prophet Muhammad (peace be upon him), Muslim martyrs and saints since the time of last prophet Muhammad (peace be upon him).

So, I request you to either research our research, reports and eyewitnesses that are given on our website ([RightfulReligion.com](http://RightfulReligion.com)) or trust on our research and news.

If you don't do it and simply deny our research by calling it a lie, false or propaganda then I will also be right in my remarks about you that you are a stupid, nonsense and religious intransigent.

## **Fresh Dead Bodies are Connected to Heaven**

We humans have wisdom. Therefore, we have researched about many wonderful things and invented modern technologies too, but animals don't have wisdom therefore they could not research about anything.

(1) The God (Allah, the creator of universe) preserved dead bodies of Muslim martyrs and saints in fresh and healthy condition under the earth in their graves as it has mentioned in

Holy Quran, Surah 2, Verse 154

Do not say of those who are slain in the way of Allah that they are dead. Instead, they are alive, but you do not perceive.

Holy Quran, Surah 3, Verse 169

Never take those killed in the way of Allah as dead. Rather, they are alive with their lord, well-provided.

(2) The God is surely happy from Muslim martyrs because the earth itself has no capacity to preserve dead bodies in fresh condition with fresh blood without using any chemical so they are clearly preserved by the order of Almighty Allah.

(3) The God provides them spiritual powers and foods because it has been mentioned in the holy Quran that they are well-provided with their Lord.

Your common sense must also accept it because an alive human cannot even remain in fresh and healthy condition without eating food and drinking water then how are dead bodies of Muslim Martyrs in fresh condition without eating food and drinking water since centuries?

(4) Fresh dead bodies of true Muslims are in connection to heaven because they are well-provided. If they were in connection to Hell, then they would have decomposed similar to all Non-Muslims and bad Muslims who decompose by nature in some years.

(5) Fresh dead bodies of true Muslims are signs of Almighty Allah because they were followers of Him and He has said about showing this sign in

Holy Quran, Surah 41, Verse 53

We shall (continue to) show them Our evidence in the world and within their souls until it becomes clear that the Quran is the truth. Is it not sufficient for you that your Lord witness all things?

(6) A preserved dead body in corrupt condition of Pharaoh (disbeliever) is also a sign of Almighty Allah because He saved his dead body as He said in

Holy Quran, Surah 10, Verse 92

We will save your body on this day so that you may become evidence (of Our existence) for the coming generations; many people are unaware of such evidence.

(7) Fresh dead bodies of true Muslims are an indication for you that religion Islam is the only one true religion near God because they were true followers of Islam or they were slain in the way of Allah. The holy Quran also attest it. Almighty Allah says in

Holy Quran, Surah 3, Verse 19

Truly, the (recognized) religion in the sight of Allah is Islam.

And He says in  
Holy Quran, Surah 5, Verse 3

Today, I have perfected your religion for you, and have completed my blessing upon you, and chosen Islam as Deen (religion and a way of life) for you.

(8) Fresh dead bodies of only Muslim martyrs and saints are an irrefutable proof that all religions except Islam have been canceled or false because there is no dead body of any Non-Muslims in fresh and healthy condition without used any chemicals since the time of last prophet Muhammad (peace be upon him) and the holy Quran also attest it. Almighty Allah says in

Holy Quran, Surah 3, Verse 85

Whoever seeks a faith other than Islam, it will never be acceptable from him, and he, in the hereafter, will be among the losers.

(9) The reason why the dead body of any Non-Muslim is not preserved in fresh and healthy condition without using any chemicals since the time of last prophet Muhammad (peace be upon him) is that they all are in painful punishment after their death.

Further proof on it is saying of Almighty Allah in

Holy Quran, Surah 2, Verse 161-162

Indeed, those who disbelieved and died while they were disbelievers, upon them is the curse of Allah, and of angels, and of all human beings together, in a way that they will remain in it forever. Neither the punishment will be lightened for them, nor will they be given respite.

and saying of Almighty Allah in

Holy Quran, Surah 3, Verse 91

Those who disbelieved and die as disbelievers, even an Earth-full of gold shall never be accepted from any of them, even if one were to offer it as ransom. They are the ones for whom there is a painful punishment, and for them there are no helpers.

(10) Fresh dead bodies of true Muslims are an irrefutable and perceptible miracle of Islam because it is impossible to happen by itself. All human beings can see them with their eyes, touch them by their hands and check them through medical doctors that dead Muslims are in fresh and healthy condition and there is no chemical used on their dead bodies.

(11) Fresh dead bodies of Muslim martyrs and saints are not magic or jugglery that you can refute or reproduce on any Non-Muslim. There are thousands of eyewitnesses for them and I have also mentioned some of them before that you've read. You can watch videos about them on [RightfulReligion.com](http://RightfulReligion.com).

(12) After knowing about fresh dead bodies of Muslims martyrs and saints in fresh condition under the earth since centuries, majority of Non-Muslims will continue to ask wrong questions about Islam, holy Quran and prophet Muhammad (pbuh) and will not enter in Islam because Almighty Allah knew about stubborn people and therefore He had said in Holy Quran, that they will not use wisdom, heart and eyes for truth.

Holy Quran, Surah 2, Verse 6-7

Those who deny your message will not believe whether you warn them or not. God has sealed their hearts and hearing and their vision is veiled; a great punishment awaits them.

Holy Quran, Surah 7, Verse 179

We have destined many men and jinn for hell. They have hearts but do not understand, eyes but do not see. They have ears but do not hear. They are worse than lost cattle. These are the heedless ones.

(13) Lastly, I request all Muslims to not bury fresh dead bodies of Muslim martyrs and saints if they discover it and provide some fresh dead bodies to our organization "Religious United Nations" in Karachi, Pakistan.

We will keep them on the earth without any chemicals or modification for Non-Muslims to come, see and check the irrefutable miracle of the truth of religion Islam.

So, Non-Muslims can enter in Islam through this miracle and we can end religious fights in the world, end wars, end illiteracy and poverty from the world forever and we can also make this world like a Paradise.

## Please Accept the Reality and Don't Reject it

If Islam is a false religion, or Holy Quran is a false book or Muhammad is a false prophet, then why the dead bodies of followers of Islam, Holy Quran and Muhammad (peace be upon him) are preserved from decompose by Nature since the time of last prophet Muhammad (peace be upon him) while the dead bodies of Non-Muslims decompose by Nature?

I have described the names, father names, dates of death, locations and addresses of preserved dead bodies of Muslim Martyrs and saints. I also have mentioned phone numbers and contact information of newspapers, TV Channels and interviews of eyewitness grave diggers and eyewitness people in my book "[Life After Death: Fresh Dead Bodies](#)". I believe these proofs and evidence are enough for sincere researchers and truth seekers from all human beings. But even after knowing all this, if any one has doubts about our research of preserved dead bodies in fresh condition with fresh blood of Muslims then we will understand that he/she is intransigent and does not want to accept the reality.

But it is my challenge forever for all Non-Muslims that they don't have any fresh dead body of them with fresh blood since the time of last prophet Muhammad (peace be upon him).

If any Non-Muslims claim that he has a fresh dead body with fresh blood preserved from decompose by nature since the time of last prophet Muhammad (peace be upon him) then provide us his name, father name, date of birth, location, eyewitnesses and their phone number, addresses, email, news of any newspapers and TV channels as we have mentioned above otherwise we will not accept his claim because only claim without proofs is easy for everyone.

## **Our Reaction on Rejecting the Truth and Realities**

If people from Muslims or Non-Muslims don't trust our research about preserved fresh dead bodies with fresh blood of Muslim Martyrs and reject all our proofs, evidence, eyewitness grave diggers, eyewitness people and their contacts, then I request them that they themselves research it.

If they can prove that our challenge or research is false, then we promise forever to all human beings that we are ready for any punishment in front of the world Media. It is very bad that they accept all news of newspapers and TV Channels if there will be their benefits, but they reject them if there will not be the benefits for them?

So, I request to them that they leave this bad habit and religious intransigence and accept all truths and all realities.

## **Who is Stupid, Nonsense and Religious Intransigent?**

I didn't go to the country "America" and didn't see it with my eyes, but there are many TV channels, newspapers and eyewitnesses who reported that there is a country "America" in world, and some of my students who live there also told me on phone that there is a country "America" in world. After knowing it all, it is necessary for me that I believe and have faith in the existence of the country "America" in the world.

Now, if I reject all the news, reports of eyewitnesses and sayings of my students, then all human beings will say that I am stupid, nonsense and intransigent and their remarks will be right too because it was my duty that either I research about existence of America or trust on news of TV channels, news papers and eyewitnesses.

Similarly, I researched that there are millions preserved dead bodies of companions of last prophet Muhammad (peace be upon him), Muslim Martyrs and saints in fresh and sleeping conditions since the time of last prophet Muhammad (peace be upon him).

So, I request to all Muslims and Non-Muslims that they either research our research, reports and eyewitnesses that are given in our web site ([www.rightfulreligion.com](http://www.rightfulreligion.com)) or trust on my research and news. Otherwise, I will be right in my remarks about them that they are stupid, nonsense and religiously intransigent.

## Can Non-Muslims Prove their Fresh Dead Bodies with Fresh Blood?

I request to all Non-Muslims that they think deeply and neutrally about this challenge and about these verses of Holy Quran.

My challenge to all Non-Muslims forever is that they haven't had any fresh dead bodies with fresh blood since the time of the last prophet Muhammad (peace be upon him) while we Muslims have many fresh dead bodies of Muslim Martyrs with fresh blood. So it is 100% proved that their religions are false and had been canceled.

An Atheist, Brian Dunning did a detail research work with skeptical eye on [claims of incorruptibility by false religions](#)

Incorruptible should mean incorruptible. The corpse needs to be flexible and lifelike, as if asleep.\*

\* We informed Brian Dunning via email about this research and when requested him to bring media and a team of researchers or at least publish our research, he denied. So, this is how Atheists also close their eyes from truth when it comes against their own beliefs.

According to the Holy Quran the prophet Jesus (Isa), Moses, Abraham and other all prophets (peace be upon them) are true Messengers of Almighty Allah and their religions were also true for their own times. However, their religions had been canceled by the last prophet Muhammad (peace be upon him). Therefore, there are many fresh

dead bodies with fresh blood of Muslim Martyrs, but there are not any fresh dead bodies with fresh blood of any Non-Muslims.

If Islam is a false religion, or Holy Quran is a false book or Muhammad (peace be upon him) is a false prophet, then why the dead bodies of followers of Islam, Holy Quran and Muhammad (peace be upon him) are preserved from decompose under the Earth in their graves since the time of last prophet Muhammad (peace be upon him) and why the dead bodies of Non-Muslims decompose by Earth?

Please leave the wrong questions and all objections about Islam, Holy Quran and last prophet Muhammad (peace be upon him) and accept the reality and truth or gather all religious leaders, medical doctors, world media that they can research and refute what I have challenged here.

Holy Quran, Surah 2, Verse 154

Do not say of those who are slain in the way of Allah that they are dead. Instead, they are alive, but you do not perceive.

Holy Quran, Surah 3, Verse 169

Never take those killed in the way of Allah as dead. Rather, they are alive with their lord, well-provided.

Holy Quran, Surah 10, Verse 92

We will save your body on this day so that you may become evidence (of Our existence) for the coming generations; many people are unaware of such evidence.

Holy Quran, Surah 41, Verse 53

We shall (continue to) show them Our evidence in the world and within their souls until it becomes clear that the Quran is the truth. Is it not sufficient for you that your Lord witness all things?

Holy Quran, Surah 5, Verse 3

Today, I have perfected your religion for you, and have completed my blessing upon you, and chosen Islam as Deen (religion and a way of life) for you.

Holy Quran, Surah 3, Verse 19

Truly, the (recognized) religion in the sight of Allah is Islam.

Holy Quran, Surah 3, Verse 85

Whoever seeks a faith other than Islam, it will never be acceptable from him, and he, in the hereafter, will among the losers.

Holy Quran, Surah 3, Verse 91

Those who disbelieved and die as disbelievers, even an Earth-full of gold shall never be accepted from any of them, even if one were to offer it as ransom. They are the ones for whom there is a painful punishment, and for them there are no helpers.

Holy Quran, Surah 2, Verse 161-62

Indeed, those who disbelieved and died while they were disbelievers, upon them is the curse of Allah, and of angels, and of all human beings together, in a way that they will remain in it forever. Neither the punishment will be lightened for them, nor will they be given respite.

## **Perceptible and Practical Miracles of the Holy Quran**

I am describing here perceptible and practical Miracles of Holy Quran that the Muslims can make their faith strong on it and the Non-Muslims, Hindus, Jews, Christians, Budhisht, Sikhs, Zoroastrians, Qadyani, Shia, and others can think about these miracles deeply, neutrally and enter in true religion Islam that the creator of this universe can be happy from them in this world and hereafter and they will enter in Heaven.

At least 1424 years ago Almighty Allah said that He has sent down the Holy Quran and He will guard to it. He said in

Holy Quran, Surah 15, Verse 10

Verily, it is We Who have sent down this Exhortation, and most surely We are its Guardians.

### **Three Years Old Muslim Child, Reciting Holy Quran without Seeing:**

When we researched this claim, we found that there are millions of Muslim men, women and children who have saved the whole Holy Quran in their heart. Some of them are like a computer in memory and majority of them recites it in 'Taraweeh' prayer during the month of Ramadan every year by their hearts without even opening or seeing the Holy Quran. So it is clearly a miracle and proof that the Holy Quran is surely the verses of Allah, the Exalted.

According to my research there is not any verse in any religious books of Non-Muslims in which God has said that He will guard that book. Therefore, there is not any non-Muslim person from Non-Muslims in the world who has saved any of his whole religious books in his heart and can recite it without seeing it.

The Definition of Miracle in US Dictionary is "surprising and welcome event that is not explicable by natural or scientific laws and is therefore considered to be the work of a divine agency: the miracle of rising from the grave a highly improbable or extraordinary event, development, or accomplishment that brings very welcome consequences: it was a miracle that more people hadn't been killed or injured".

So in the light of the above definition of miracle, being the hundreds of pages of complete Holy Quran in the hearts of millions of Muslims is a Miracle because it is also a surprising and welcome event that is not explicable by natural or scientific laws.

Therefore, there is not any non-Muslims who saved hundred pages of his any religious books in their hearts because this is actually work of divine agency, and Almighty Allah

wanted to cancel all religious books (except Holy Quran), so He didn't help the Non-Muslims about it, and by this reason they could not save their any religious book.

But Allah wanted to save the Holy Quran, so He saved it from their lovers because if any enemies of the Holy Quran tried to burn it, and succeeded in it, then Muslims who have saved it in their hearts will print it again and again. I tried to satisfy the Non-Muslims about this unique miracle.

But after knowing the above miracle, if any non-Muslims do not understand this article, then I challenge all of them to please bring a person from their religion, who has saved all pages of his religious book in heart and can recite it without seeing it because it is a perceptible and practical miracle.

If they do not accept this challenge too, then they should enter in Islam, otherwise we will understand that they are obstinate, and we will not discuss with such Non-Muslims because the guiding to the right path is in hand of Allah, the Exalted. My duty is only to tell the truth.

I feel sad because this research is enough for Non-Muslims to enter in Islam, but their hearts are blind, so they cannot find the right path without seeing the punishment of Allah.

### **My Challenge to All Non-Muslims Forever**

My challenge to all Non-Muslims forever is that they haven't had any fresh dead bodies with fresh blood since the time of last prophet Muhammad (peace be upon him) and any dead body of them will not remain in fresh condition with fresh blood in future too.

While we Muslims have many fresh dead bodies of Muslim Martyrs with fresh blood since the time of last prophet Muhammad (peace be upon him) and their dead bodies will remain in fresh condition with fresh blood in future also, if they will be murdered in the way of Almighty Allah.

So it is 100% proof that our religion Islam is only the true religion because it is a perceptible miracle of our religion and their religions are false or has been canceled because their religions haven't this Miracle?

If world media and all human beings want to see the differences and reality with their own eyes between the dead bodies of Muslims soldiers and dead bodies of Non-Muslim soldiers then leave their dead bodies on the Earth in the field of battles and do not bury or do anything with them for at least a month.

It is my prophecy forever in the light of Holy Quran that some dead bodies of Muslim soldiers will remain in fresh condition with fresh blood because they are well-provided by Almighty Allah as He says in

Holy Quran, Surah 2, Verse 154

Do not say of those who are slain in the way of Allah that they are dead. Instead, they are alive, but you do not perceive.

and He says in

Holy Quran, Surah 3, Verse 169

Never take those killed in the way of Allah as dead. Rather, they are alive with their lord, well-provided.

But all dead bodies of Non-Muslims soldiers will become malodorous and begin to decompose because painful punishment of Almighty Allah will begin to them as He says in

Holy Quran, Surah 2, Verse 161-162

Indeed, those who disbelieved and died while they were disbelievers, upon them is the curse of Allah, and of angels, and of all human beings together, in a way that they will remain in it forever. Neither the punishment will be lightened for them, nor will they be given respite.

and He says in

Holy Quran, Surah 3, Verse 91

Those who disbelieved and die as disbelievers, even an Earth-full of gold shall never be accepted from any of them, even if one were to offer it as ransom. They are the ones for whom there is a painful punishment, and for them there are no helpers.

I have confirmed such reports about differences between the dead bodies of Muslim soldiers (who were slain in the way of Islam) and the dead bodies of Non-Muslim soldiers who were murdered in the way of Non-Islam during the battle of Pakistan and India in 1965 A.D, during the [Afghan-Soviet Jihad in 1980](#) and during the battle of Americans and Afghan Talibans in Afghanistan.

But it is a very bad habit that non-Muslims and their media hide this truth of Islam and Muslim media also hide this report because they are under pressure by non-Muslims and their media policies.

But I'm sure that the Almighty Allah is a superpower. He will help us to preach this truth to all human beings the way He wants.

## **Nature, Neutral Judge Among All Religious Books**

We choose Nature as a neutral judge among all religious books.

I don't want to prove any Gods, any Prophets, any beliefs, any religions, any lifestyles or any thoughts by any religious books because there are many religious books in the world like books of Hinduism, Judaism, Christianity and Islam, etc. All followers of all religions only accept the references of their religious books and reject the references of other religious books.

Therefore, we couldn't yet define which God, which belief and which religion is 100% true near the God who created this universe. So in this situation our discussions (on God, beliefs, books, religions, etc.) will continue forever without any results while the presence of many religions at a time in the world is the reason for all wars directly or indirectly and wars are reasons of poverty and illiteracy in the world.

So, we should make nature (Earth or Fire) our neutral judge among all beliefs and religions that everyone can accept its justice and we all human beings will be able to perfectly know about the true God, true beliefs, true religion and accept it.

I think if there was only one God and only one religion in the world, this world could become like Paradise while nowadays it is like Hell.

So if we all want to stop the wars, atomic wars, finish the poverty and illiteracy from the world forever and solve the other major problems of human beings, then we all should agree on following three points:

- (1) We research about the true God (who created this universe), true belief and true religion (lifestyle) only by the nature (Earth or Fire)
- (2) We reject those Gods, beliefs and religions that will not be proved by nature because nature is our neutral judge among all Gods, all beliefs and all religions.
- (3) After knowing the true God, true beliefs and true religion, we accept the religious book of that religion.

Until defining the above three points we will not discuss any religious book and we will not accept their references.

So, I request all Hindus, Buddhists, Jews, Christians, Muslims, Sikhs, Parsis, Qadianis and others who agree with us to contact us, help us and be a part of our organization named "Religious United Nations" Karachi, Pakistan.

And those who disagree with us, give us better solutions than above. I will be very thankful to you.

### **Warning to All Muslims & Non-Muslims!**

What I have described above is an observable, irrefutable and latest research of the 21st Century and we chose Nature as a neutral judge among all religions because it has no religion, it has no relationship with any religions or any religious books. It doesn't tell a lie. It only obeys Almighty Allah who created this universe. So, there is no reason for anyone to reject the truth of religion Islam, truth of Holy Quran and truth of Last Prophet Muhammad (peace be upon him).

### **Open Challenge Forever:**

Nature has no religion. It is not Hindu, Muslim, Christian, Jew, etc. Nature has no relation with any religious books/followers therefore we welcome you and all Non-Muslim religious leaders, spiritual masters, medical experts, researchers and scientists to challenge our research in public or in the newspaper or any media they feel convenient. If we have not heard any challenge in our research then the world will know the truth.
